

AM I A CANDIDATE FOR WEIGHT LOSS SURGERY

Surgically assisted weight loss is a major decision. There are several factors that will help determine whether you are a candidate.

- Are you 100 pounds or more overweight?
- Are you between the ages of 18 and 65?
- Do you have a body mass index (BMI) of 40 or above?
- Do you have a BMI between 35 and 39 and are being treated for one of the following diagnoses?

Coronary heart disease

Diabetes

Gastroesophageal reflux disease (GERD)

Hypertension

Sleep apnea

- Have you tried and failed other medically supervised weight loss programs?
